INDEPENDENT AUDITOR’S REPORT

To the Board of Trustees
Unified Fire Service Area
Salt Lake City, Utah

We have audited the accompanying financial statements of the governmental activities and each major fund of Unified Fire Service Area (UFSA) as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the UFSA’s basic financial statements as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of UFSA, as of December 31, 2014 and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, general fund budgetary comparison information, and notes to required supplementary information as noted on the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operation, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise UFSA's basic financial statements. The budgetary comparison schedules are not a required part of the basic financial statements of UFSA. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison schedules fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

In accordance with *Government Auditing Standards*, we have also issued other reports dated May 12, 2015 located on pages 28 and 30 on our consideration of UFSA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws and regulations, contracts, grant agreements, and other matters. The purpose of those reports is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. Those reports are an integral part of an audit performed in accordance with *Government Auditing Standards* and important for assessing the results of our audit.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

(UNAUDITED)

December 31, 2014

As management of Unified Fire Service Area (UFSA), we offer readers of UFSA's financial statements this narrative overview and analysis of the financial activities of UFSA for the fiscal year ended December 31, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the notes to the financial statements.

FINANCIAL AND OPERATIONAL HIGHLIGHTS

UFSA's *government-wide net position* (the amount by which assets exceeded its liabilities) as of December 31, 2014 was \$23,729,155. This amount increased by two percent over the previous year primarily due to property taxes and impact fees received in excess of budget and efficient management of budgeted funds. *Unrestricted net position*, the portion of net position which represents the amount UFSA can use to meet ongoing financial obligations, was \$7,693,853 at December 31, 2014. *Net position invested in capital assets, net of related debt* was \$13,434,753 at December 31, 2014.

UFSA reported combined ending fund balance for governmental funds of \$10,920,020 as of December 31, 2014. Combined fund balance decreased by \$438,880 (4%) from 2013 to 2014. This decrease was principally due to appropriation of fund balance for capital projects and debt service payments originating from the 2008 debt issuance. The total spendable fund balance at December 31, 2014 was \$10,910,482, which represented 23% of total fund expenditures. Of the total spendable fund balance, \$8,311,014 was actually available for appropriation and spending (*unassigned fund balance*), \$2,591,011 was restricted, and \$8,457 was assigned for future debt service. Management believes the current unassigned fund balance to be a good indicator of UFSA's positive financial position.

The City of Taylorsville annexed into UFSA on January 1, 2014. The annexation increased UFSA's assessed valuation by approximately \$2.4 billion.

For information on upcoming changes, see the "Economic Factors and Next Year's Budget" section beginning on page 8.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to UFSA's annual financial report. UFSA's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements: The *government-wide financial statements* are designed to provide readers with a broad overview of UFSA's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of UFSA's assets, deferred outflows of resources, and liabilities, with the difference between them reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of UFSA is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement on an accrual basis. Cash flow from such transactions could impact future fiscal periods.

The government-wide financial statements identify functions of UFSA that are principally supported by taxes and intergovernmental revenues, as *governmental activities*. Revenues designed to recover all or a significant portion of the activity costs are identified as *business-type activities*. UFSA currently does not have any business-type activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS

(UNAUDITED)

December 31, 2014

The Local Building Authority of Unified Fire Service Area (LBA) is chartered under Utah law as a separate governmental entity. However, the government-wide financial statements include the financial statements of this entity since UFSA's Board is the appointed board for the LBA and it is financially accountable to UFSA.

Fund financial statements: A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. UFSA, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of UFSA's funds are governmental funds.

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* in the fund financial statements with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

UFSA maintains one major governmental fund, the General fund, and the LBA maintains two major governmental funds, the Capital Projects fund and the Debt Service fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for these funds.

Notes to the Financial Statements: The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information: UFSA adopts an annual appropriated budget for its funds. A budgetary comparison statement (page 23) has been provided for the General Fund to demonstrate compliance with the budget.

FINANCIAL ANALYSIS OF UFSA AS A WHOLE

Current and other assets decreased approximately four percent from 2013 largely due to the usage of cash for debt service payments. UFSA's related party long-term note receivable also decreased four percent in 2014 as a result of payments received from Unified Fire Authority. Deferred outflows of resources (deposits) decreased 100% from 2013 after UFSA's deposit was refunded by Riverton City following the completion of construction at Station 124.

Current liabilities decreased approximately 12% from the previous year due to a lack of construction activity during 2014. Long-term liabilities decreased three percent as a result of bond principal payments of \$915,000 during the year.

As noted earlier, net position may serve over time as a useful measurement to assist with understanding the financial position of UFSA. As of December 31, 2014, assets exceeded liabilities by \$23,729,155, an increase of \$406,584 (two percent) from the previous year. The increase in net position during the year is primarily due to tax revenues exceeding budget. The remaining increase was due to the efficient management of UFSA's budgeted funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS

(UNAUDITED)

December 31, 2014

UFSA's net position invested in capital assets, net of related debt, totaled \$13,434,753, or 57% of total net position. Although UFSA's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

Restricted net position represents resources that are subject to external restrictions on how they may be used. Bond proceeds are restricted for land acquisition and for construction of fire stations within the UFSA. Unrestricted net position may be used to meet general, ongoing financial obligations without constraints established by debt covenants or other legal requirements.

**Summary of Statement of Net Position
As of December 31,**

	<u>2014</u>	<u>2013</u>	<u>% Change</u>
Assets			
Current and other assets	\$ 10,934,706	\$ 11,410,026	-4%

Total Net Position	<u>\$ 23,729,155</u>	<u>\$ 23,322,571</u>	2%

Taxes and motor vehicle fees, which were \$42,818,953 for 2014, increased 21% from 2013 to 2014 due to new growth as well as the annexation of Taylorsville City. General government expenses of approximately \$42 million in 2014 represented 96% of total expenses from governmental activities. Interest on long-term debt decreased nearly five percent in 2014 as a result of an offsetting short-term financing premium.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FINANCIAL ANALYSIS OF UFSA'S FUNDS

Governmental Funds: As of December 31, 2014, the aggregate fund balance of UFSA's governmental funds was \$10,920,020. Approximately 76% of the aggregate fund balance, or \$8,311,014, was unassigned and was available for appropriation by the UFSA Board. The remainder of the fund balance was nonspendable (\$9,538 for prepaid expense), restricted (\$2,591,011), or assigned (\$8,457) and was not available for new spending because it had already been committed for spending.

GENERAL FUND BUDGETARY HIGHLIGHTS

Significant differences between the original and final budget can be summarized as follows:

- Increase in property taxes totaling more than \$75,000
- Interest expenditures reclassified as interfund lease payments
- Net increase in administrative and operating costs of \$371,000 primarily to cover increase in member fees paid to UFA

Significant variations in actual results over final budget in the general fund can be summarized as follows:

- New growth within UFSA and Taylorsville annexation resulted in tax and impact fee revenues higher than anticipated
- Delays in property acquisition and construction resulted in lower capital outlay than anticipated
- Efficient management of funds resulted in both operations and general and administrative expenditures below budget

For detailed budgetary comparison schedules, see the Required Supplementary Information section, beginning on page 23.

MANAGEMENT'S DISCUSSION AND ANALYSIS

(UNAUDITED)

December 31, 2014

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets: UFSA's investment in capital assets at December 31, 2014, was \$40,958,742. During the year, UFSA purchased land for \$676,581 for a replacement station to be built in Taylorsville City.

**Capital Assets, Net of Depreciation
As of December 31,**

	2014	2013	%
			Change
Construction in progress	\$ 51,728	\$ 4,707	999%
Land	9,551,862	8,875,281	8%
Building and improvements	30,365,235	31,141,678	-2%
Land improvements	772,207	712,760	8%
Machinery and equipment	217,710	211,792	3%
	<u>\$ 40,958,742</u>	<u>\$ 40,946,218</u>	<u>0%</u>

Additional information on UFSA's capital assets is available in the notes to the financial statements.

Long-term Debt: UFSA issued Lease Revenue bonds in the amount of \$32,950,000 in 2008 for the acquisition of land for, and construction of, fire stations in Millcreek Township, Herriman City, Magna, and Riverton City. UFSA's bonds are rated Aa3 by Moody's and AA- by Fitch. There were no long-term debt issuances in 2014. Payments on the 2008 bonds in 2014 totaled \$2,496,970 (\$915,000 principal and \$1,578,826 interest). Additional information about UFSA's long-term liabilities is available in the notes to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

Unified Fire Service Area saw continued growth in 2014. In January 2014, the city of Taylorsville was annexed into the Service Area and land was purchased to build a future fire station in the city.

Impact Fee collections exceeded expectations, reflecting the high growth of new residential and commercial developments.

Future plans include the purchase of land for a replacement Olympus Cove station and the remodeling of some existing stations.

On December 12, 2014, Fitch Ratings affirmed an AA- rating for the Service Area's 2008 lease revenue bonds, with an implied GO bond rating of AA. Key rating drivers were the solid local economy and a sound debt profile.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of UFSA's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Chief Financial Officer, 3380 South 900 West, Salt Lake City, UT, 84119.

Amounts reported for governmental activities in the Statement of
Activities are different because:

Capital outlays are reported as expenditures in governmental funds. However, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current year, these amounts were as follows:

Disposition of capital assets	\$ 250	
Depreciation expense	(925,575)	
Capital outlay	<u>937,849</u>	12,524

Principal payments received on long-term related party note receivable. (91,808)

The issuance of long-term debt provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Costs associated with the issuance of long-term debt are reported as expenditures in the governmental funds, but deferred and amortized throughout the period during which the related debt is outstanding. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Repayment of long-term debt	915,000
-----------------------------	---------

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of the following:

Accrued interest on long-term debt	<u>9,749</u>
------------------------------------	--------------

Change in Net Position of Governmental Activities \$ 406,585

The accompanying notes are an integral part of the financial statements.

NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2014

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Salt Lake Valley Fire Service Area (SLVFSA) was created effective in 2004 to manage and provide fire protection services. The fire service area was created to provide fire protection and emergency medical services to the unincorporated areas of Salt Lake County. Effective January 1, 2008, SLVFSA assessed and recorded its own property taxes apart from Salt Lake County. Also beginning January 1, 2008, Unified Fire Authority (UFA) assumed management and administrative support for SLVFSA. Prior to these two changes, Salt Lake County reported SLVFSA as a blended component unit of its primary government. Midvale City and Eagle Mountain City joined SLVFSA to provide fire protection and emergency medical services to its citizens in July 2011 and January 2013, respectively. In March 2013, the Board approved changing SLVFSA's entity name to Unified Fire Service Area. The City of Taylorsville joined UFA in January 1, 2014. UFA is a separate legal entity, with an eight member board of elected officials, three of which represent unincorporated areas of Salt Lake County and five of which represent the cities of Eagle Mountain, Herriman, Midvale, Riverton, and Taylorsville.

Blended Component Unit

The Local Building Authority of the Salt Lake Valley Fire Service Area (LBA) was created in 2008. In March 2013, the Board approved changing the LBA's entity name to the Local Building Authority of the Unified Fire Service Area. The LBA is governed by the Board of UFA. Although it is legally separate from UFA, it is reported as if it were part of the primary government. The LBA was created solely for the benefit of UFA with a purpose to acquire, improve, construct, and finance capital facilities within the fire service area. It should be noted that the LBA currently has one capital projects fund and one debt service fund.

Government-Wide and Fund Financial Statements

Government-wide financial statements (the statement of net position and the statement of activities) report information on all of the activities of UFA. The effect of interfund activity has been removed from these statements. The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those which are clearly identifiable with a specific program. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Other items not properly included among program revenues are reported as general revenues.

Fund financial statements present each major individual fund as a separate column. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. UFA segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Property taxes and interest associated with the current period are all considered to be susceptible to accrual and so have been recognized as revenues of the current period. Property taxes are recognized as revenues in the year for which they are levied.

NOTES TO BASIC FINANCIAL STATEMENTS
December 31, 2014

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Governmental funds are those through which most of the governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets, deferred outflows of resources, and liabilities is reported as fund balance. UFSA has presented the following major governmental funds:

- *General Fund*— the general fund is the main operating fund of UFSA, used for all financial resources not accounted for in other funds. All general revenues and other receipts that are not restricted by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures, fixed charges, and capital improvement costs that are not paid through other funds are paid from the General Fund.
- *Debt Service Fund*— the LBA’s debt service fund is used to account for the accumulation of resources for and the payment of long-term debt principal, interest, and related costs.

The LBA’s nonmajor governmental fund is a capital projects fund used to account for funds received and expended for the acquisition and construction of capital equipment and facilities throughout UFSA’s jurisdiction.

Cash Equivalents

Cash equivalents are highly liquid investments with maturities of three months or less when purchased.

Capital Assets

Capital assets are reported in the government-wide financial statements. Capital assets are defined by UFSA as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. If purchased, such assets are recorded at historical cost. Assets are recorded at fair value at the date of gift, if donated. Assets transferred from other governmental entities are recorded at the net book value removed from the conveying government’s books.

Major additions are capitalized while maintenance and repairs, which do not improve or extend the life of the respective assets, are charged to expense. No depreciation is recognized on construction in progress until the asset is placed in service. UFSA does not possess any infrastructure.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

Building and improvements	5 – 40 years
Land improvements	2 – 31 years
Machinery and equipment	5 – 15 years

Restricted Assets

Certain proceeds of UFSA’s 2008 lease revenue bonds, as well as certain resources set aside for their repayment, are maintained in separate bank accounts and are classified as restricted assets because their use is limited by bond covenants. The “reserve fund” accounts, with a balance of \$2,599,468 at December 31, 2014, are used to report resources set aside for the payment of principal and interest on the lease revenue bonds.

NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2014

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenditure Recognition

In governmental funds, expenditures are generally recorded when the related liability is incurred. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due. Capital asset acquisitions are reported as expenditures, and proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources. When an expenditure is incurred for purposes for which both restricted and unrestricted resources are available, UFSA generally uses restricted resources first, then unrestricted resources.

Revenues — Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year.

Nonexchange transactions, in which UFSA receives value without directly giving value in return, include grants and donations. On the accrual basis, revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include: timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which UFSA must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to UFSA on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must be available before it can be recognized.

Net Position/Fund Balances

The difference between assets and liabilities is reported as net position on the government-wide financial statements and fund balance on the governmental fund statements. UFSA's net position is classified as follows:

- Invested in capital assets, net of related debt— This component of net position consists of UFSA's total investment in capital assets, net of accumulated depreciation, reduced by the outstanding debt obligations related to those assets. To the extent debt has been incurred, but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt.
- Restricted for capital projects— This component of net position consists of net position related to funds held in escrow that are restricted for the completion of capital projects.
- Restricted for debt service— This component of net position consists of net position related to funds held in escrow that are restricted for the payment of principal and interest on lease revenue bonds.
- Unrestricted— This component of net position consists of items of net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

In the governmental fund statements, fund balances are classified as nonspendable, restricted, committed, assigned, or unassigned. Restricted represents those portions of fund balance where constraints placed on the resources are either externally imposed or imposed by law through constitutional provisions or enabling legislation. Committed fund balance represents amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the UFSA Board, such as an appropriation. Assigned fund balance is constrained by the Board's intent to be used for specific purposes, by directive of the Board. When an expenditure is incurred for purposes which restricted, committed, assigned and unassigned resources are available, UFSA generally uses restricted resources first, followed by committed and assigned resources before unassigned resources are used.

NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2014

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risk Management

UFSA is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets, errors and omissions, and natural disasters for which it carries commercial insurance. There were no significant reductions in coverage from prior year, and settlement claims resulting from these risks have not exceeded commercial insurance coverage.

NOTE 2 - CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash, cash equivalents, and investments consisted of the following at December 31, 2014:

Cash and cash equivalents:	
Cash - net of outstanding checks	\$ 202,490
Public Treasurer's Investment Fund (PTIF)	<u>6,718,944</u>
Total unrestricted cash and cash equivalents	6,921,434
Cash and cash equivalents held by fiscal agent (invested in PTIF)	<u>2,599,468</u>
Total cash, cash equivalents, and investments	<u>\$ 9,520,902</u>

The State of Utah Money Management Council has the responsibility to advise the State Treasurer about investment policies, promote measures and rules that will assist in strengthening the banking and credit structure of the State, and review the rules adopted under the authority of the Utah Money Management Act that relate to the deposit and investment of public funds.

UFSA follows the requirements of the Utah Money Management Act in handling its depository and investment transactions. The Act requires depositing of UFSA's funds in a qualified depository. The Act defines a qualified depository as any financial institution whose deposits are insured by an agency of the Federal Government and which has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

Deposits

Custodial credit risk for deposits is the risk that, in the event of a bank failure, the local government's deposits may not be recovered. UFSA's deposits are insured up to \$250,000 per institution by the Federal Depository Insurance Corporation (FDIC). Deposits above \$250,000 are exposed to credit risk. As of December 31, 2014, UFSA's depository bank balance was \$207,555, all of which is insured. Utah State Law does not require deposits to be insured or collateralized. UFSA does not have a formal deposit policy for custodial credit risk.

The Money Management Act defines the types of securities authorized as appropriate investments for UFSA's funds and the conditions for making investment transactions. Investment transactions may be conducted only through qualified depositories, certified dealers, or directly with issuers of the investment securities.

NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2014

NOTE 2 - CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

Investments

These statutes authorize UFSA to invest in negotiable or nonnegotiable deposits of qualified depositories and permitted negotiable depositories; repurchase and reverse repurchase agreements; commercial paper that is classified as "first tier" by two nationally recognized statistical rating organizations, one of which must be Moody's Investors Services or Standard & Poor's; bankers' acceptances; obligations of the United States Treasury including bills, notes, and bonds; bonds, notes, and other evidence of indebtedness of political subdivisions of the State; fixed rate corporate obligations and variable rate securities rated "A" or higher, or the equivalent of "A" or higher, by two nationally recognized statistical rating organizations; shares or certificates in a money market mutual fund as defined in the Money Management Act; and the Utah State Public Treasurers' Investment Fund (PTIF).

The Utah State Treasurer's Office operates the PTIF and is available for investment of funds administered by any Utah public treasurer. The PTIF is not registered with the SEC as an investment company. The PTIF is authorized and regulated by the Money Management Act. The Act established the Money Management Council which oversees the activities of the State Treasurer and the PTIF and details the types of authorized investments. Deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah, and participants share proportionally in any realized gains or losses on investments. The PTIF operates and reports to participants on an amortized cost basis. The participant's balance is their investment deposited in the PTIF plus their share of income, gains, and losses net of administration fees which is allocated to each participant on the ratio of each participant's share to the total funds in the PTIF. The participant's monthly investment amount is based upon their average daily balance.

At June 30 and December 31 each year, the fair value of the investments is determined to enable participants (public entities having those year ends) to adjust their investments in the pool. As of December 31, 2014, UFSA had \$6,718,944 invested in PTIF. Additionally, \$2,599,468 held by a fiscal agent was invested in PTIF at December 31, 2014. The entire balance had a maturity of less than one year. The PTIF pool has not been rated. The PTIF is reported as a fiduciary fund by the State of Utah in its Comprehensive Annual Financial Report. A copy of the report may be obtained online at <http://www.utah.gov/treasurer/investor-cafr.html>.

Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. UFSA manages its exposure to declines in fair value by investment mainly in the PTIF and by adhering to the Money Management Act. The Act requires that the remaining term to maturity of investments may not exceed the period of availability of the funds to be invested. UFSA's investment policy limits the term of investments to a maximum maturity that shall not exceed five years in order to manage its exposure to fair value losses arising from increasing interest rates. The investment policy also specifies that UFSA's investment portfolio will remain sufficiently liquid to enable UFSA to meet all operating requirements which might be reasonably anticipated.

Custodial Credit Risk for investments is the risk that, in the event of a failure of the counterparty, UFSA will not be able to recover the value of the investment or collateral securities that are in possession of an outside party. UFSA's policy for limiting the credit risk of investments is to comply with the Money Management Act, as previously discussed. All of UFSA's investments at December 31, 2014 were with the PTIF and therefore are unrated and are not categorized as to custodial credit risk. *Concentration of credit risk* is the risk of loss attributed to the magnitude of a government's investment in a single issuer. UFSA's policy for reducing this risk of loss is to comply with the Rules of the Money Management Council, as applicable. Rule 17 of the Money Management Council limits investments in a single issuer of commercial paper and corporate obligations to 5-10% depending upon the total dollar amount held in the portfolio.

NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2014

NOTE 3 - PROPERTY TAXES

Property taxes attach an enforceable lien on property as of January 1 in the year in which due and are assessed in July through billing to the property owner. All unpaid taxes are due and become delinquent on November 30. Property tax revenues are recognized by UFSA when they are collected. Property taxes are billed and collected by Salt Lake County and Utah County on behalf of UFSA and remitted monthly. Property taxes received by UFSA within 60 days after year end are recorded as revenue as of year-end. The 2014 Certified Tax Rate for UFSA is .002088.

NOTE 4 - CAPITAL ASSETS

The changes in capital assets for the year ended December 31, 2014 are as follows:

	January 1, 2014	Additions/ Transfers In	Disposals/ Transfers Out	December 31, 2014
Capital assets not being depreciated:				
Construction in progress	\$ 4,707	\$ 47,021		\$ 51,728
Land	8,875,281	676,581		9,551,862
Total capital assets not being depreciated	<u>8,879,988</u>	<u>723,602</u>	-	<u>9,603,590</u>
Capital assets being depreciated:				
Building and improvements	34,269,121	93,760	(10,004)	34,352,877
Land improvements	840,576	106,132	-	946,708
Machinery and equipment	263,917	24,359	-	288,276
Total capital assets being depreciated	<u>35,373,614</u>	<u>224,251</u>	<u>(10,004)</u>	<u>35,587,861</u>
Less accumulated depreciation for:				
Building and improvements	(3,127,443)	(860,449)	250	(3,987,642)
Land improvements	(127,816)	(46,685)	-	(174,501)
Machinery and equipment	(52,125)	(18,441)	-	(70,566)
Total accumulated depreciation	<u>(3,307,384)</u>	<u>(925,575)</u>	<u>250</u>	<u>(4,232,709)</u>
Total capital assets being depreciated, net	<u>32,066,230</u>	<u>(701,324)</u>	<u>(9,754)</u>	<u>31,355,152</u>
Total capital assets, net	<u>\$ 40,946,218</u>	<u>\$ 22,278</u>	<u>\$ (9,754)</u>	<u>\$ 40,958,742</u>

Depreciation charged for governmental activities for the year ended December 31, 2014, was \$925,575.

NOTE 5 - SHORT-TERM DEBT

On April 9, 2014, UFSA issued Tax and Revenue Anticipation Notes, Series 2014, in the amount of \$21 million at a 1.5% interest rate for a short-term basis until tax revenue was received. Issuance costs related to the TRAN were \$56,250. Principal and interest totaling \$21,221,375 were paid on December 19, 2014.

NOTE 6 - LONG-TERM DEBT

Lease revenue bonds are issued by the LBA of Unified Fire Service Area, a blended component unit of UFSA. These bonds are not considered general obligation bonds of UFSA, but are special obligations payable from the lease revenues derived from the assets acquired or constructed with bond proceeds. The following is a summary of transactions affecting lease revenue bonds for the year ended December 31, 2014:

	Beginning	Increases	(Decreases)	Ending
Local Building Authority Lease Revenue Bonds, series 2008 (issued August 14, 2008)	\$ 31,030,000	\$ -	\$ (915,000)	\$ 30,115,000

NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2014

NOTE 6 - LONG-TERM DEBT (CONTINUED)

The following is a schedule of future maturities on lease revenue bonds in the LBA as of December 31, 2014:

Maturity Date	Total	Principal	Interest	Interest Rates
2015	2,492,895	955,000	1,537,895	4.50%
2016	2,491,407	1,000,000	1,491,407	5.00%
2017	2,497,258	1,060,000	1,437,258	5.50%
2018	2,492,445	1,115,000	1,377,445	5.50%
2019	2,490,939	1,175,000	1,315,939	5.25%
2020	2,502,282	1,250,000	1,252,282	5.25%
2021	2,485,345	1,300,000	1,185,345	5.25%
2022	2,491,845	1,375,000	1,116,845	5.00%
2023	2,496,220	1,450,000	1,046,220	5.00%
2024	2,496,845	1,525,000	971,845	5.00%
2025	2,503,470	1,610,000	893,470	5.00%
2026	2,500,970	1,690,000	810,970	5.00%
2027	2,482,960	1,760,000	722,960	5.20%
2028	2,479,100	1,850,000	629,100	5.20%
2029	2,474,944	1,945,000	529,944	5.25%
2030	2,479,944	2,055,000	424,944	5.25%
2031	2,522,435	2,210,000	312,435	5.30%
2032	2,522,125	2,330,000	192,125	5.30%
2033	2,525,190	2,460,000	65,190	5.30%
	<u>\$ 47,428,619</u>	<u>\$ 30,115,000</u>	<u>\$ 17,313,619</u>	

The bond sinking fund requirements to maturity for the long-term debt, as of December 31, 2014, are as follows:

Maturity Date	Principal
2025	\$ 1,610,000
2026	1,690,000
2027	1,760,000
2028	1,850,000
2029	1,945,000
2030	2,055,000
2031	2,210,000
2032	2,330,000
2033	2,460,000

Bond covenants require a reserve fund in the amount of \$2,590,380 to be used only for the payment of principal and interest on the lease revenue bonds. UFSA maintains and classifies these reserve funds in the respective funds' restricted cash accounts.

NOTE 7 - INTERFUND ACTIVITY

Legally authorized transfers are treated as interfund transfers and are included in the results of operations in the fund financial statements, but are generally excluded from the government-wide financial statements. There were no interfund transfers in 2014.

Debt service on the Local Building Authority Lease Revenue Bonds, series 2008, is payable from lease payments by UFSA to the LBA for the use of fire stations. During 2014, lease payments of \$2,482,580 were paid by the General fund to the LBA's Debt Service fund. Future lease payments will be equal to the required debt service payments. Assets recorded under this operating lease are land, buildings, and equipment having original cost of \$24,528,498, with \$1,776,089 of accumulated depreciation.

NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2014

NOTE 8 - RELATED PARTY TRANSACTIONS

UFSA has been a member of UFA since its inception in July 2004. Beginning in January 2008, UFA assumed management of UFSA from Salt Lake County. UFSA paid member fees and interest of \$40,310,708 and \$18,974, respectively, to UFA during 2014. UFA provides fire protection service and staffing, equipment, and station maintenance for the fees it receives from UFSA. UFSA paid management fees to UFA for its services totaling \$450,000 for the year ended December 31, 2014.

In February 2012, UFSA entered into an interlocal agreement with UFA to finance the purchase of a warehouse in West Jordan, Utah. In March 2012, UFSA loaned \$2.5 million to UFA for purchase of the building. The agreement requires UFA to pay 228 monthly payments of \$15,672 beginning 30 days following the termination of its current warehouse lease. Prior to the commencement of payments, UFA paid interest monthly at the Utah PTIF rate. Upon commencement of payments, the agreement bears 4% interest. UFA paid \$91,808 in principal and \$96,254 in interest to UFSA, including \$15,672 (\$7,792 principal and \$7,880 interest) accrued as of December 31, 2014. The following is a schedule by years of future minimum payments required under the agreement as of December 31, 2014:

2015	\$ 95,548
2016	99,441
2017	103,492
2018	107,708
2019	112,097
2020-2024	632,825
2025-2029	772,678
2030-2032	432,518
	<u>\$ 2,356,307</u>

In September 2014, Riverton City reimbursed UFSA \$12,817 for selected construction costs related to Station 124. UFSA reduced the building basis for this reimbursement.

In July 2014, UFSA began collecting fire impact fees for development within the City of Taylorsville. Taylorsville collected impact fees on behalf of UFSA totaling \$3,536 between January and June 2014. These fees are included in accounts receivable at December 31, 2014.

NOTE 9 - SUBSEQUENT EVENTS

UFSA issued a Tax and Revenue Anticipation Note of \$21 million in April 2015.

NOTE 10 - COMMITMENTS AND CONTINGENCIES

Commitments for major construction projects totaled \$244,186 at December 31, 2014.

As of December 31, 2014, UFSA did not have any pending litigation or potential nondisclosed liabilities.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

December 31, 2014

NOTE 1 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

Unified Fire Service Area (UFSA) adopts an “appropriated budget” for all of its funds. UFSA is required to present the adopted and final amended budgeted revenue and expenditures for each of these funds.

The following procedures are followed in establishing the budgetary data reflected in the financial statements:

- By the first regularly scheduled Board meeting in November, UFSA prepares a tentative budget for the next succeeding fiscal year beginning January 1. The operating budget includes proposed expenditures and the means of financing them.
- A meeting of the Board of Trustees is then called for the purpose of adopting the tentative budget after seven days public notice of the meeting has been given.
- By December 22, the proposed tax rate and budget is adopted by resolution. If there is no increase in the certified tax rate, a final budget is adopted by December 22. If UFSA sets a proposed tax rate which exceeds the certified tax rate, it shall not adopt its final budget until public hearings to adopt proposed increases are held. Until the hearings are held and a final budget and tax rate are adopted, UFSA may expend monies based on: (1) its tentative budget after adoption, or (2) its prior year’s adopted final budget as amended, which must be re-adopted by resolution at a regular meeting of the governing body.
- Once a budget is approved, it can only be amended at the function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, as reflected in the official minutes of the Board, and are not made after fiscal year end.
- Each budget is prepared and controlled by the budget officer at the revenue and expenditure function/object level. Budgeted amounts are as amended by the Board of Trustees.
- The budgets for all funds must be filed with the Utah State Auditor within 30 days of adoption.

Budgets are prepared on a modified accrual basis of accounting according to generally accepted accounting principles for governmental funds.

**INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees
Unified Fire Service Area
Salt Lake City, Utah

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Unified Fire Service Area (UFSA), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise UFSA's basic financial statements, and have issued our report thereon dated May 12, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered UFSA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of UFSA's internal control. Accordingly, we do not express an opinion on the effectiveness of UFSA's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of UFSA's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether UFSA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of UFSA's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering UFSA's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT IN ACCORDANCE
WITH THE STATE COMPLIANCE AUDIT GUIDE
ON COMPLIANCE WITH GENERAL STATE COMPLIANCE
REQUIREMENTS AND ON INTERNAL CONTROLS OVER COMPLIANCE**

Board of Trustees
Unified Fire Authority
Salt Lake City, Utah

REPORT ON COMPLIANCE

We have audited Unified Fire Service Area's (UFSA) compliance with the applicable general state compliance requirements described in the *State Compliance Audit Guide*, issued by the Office of the Utah State Auditor, that could have a direct and material effect on UFSA for the year ended December 31, 2014.

General state compliance requirements were tested for the year ended December 31, 2014 in the following areas:

- Budgetary Compliance
- Fund Balance
- Conflicts of Interest
- Nepotism

UFSA did not have any state funding classified as a major program during the year ended December 31, 2014.

Management's Responsibility

Management is responsible for compliance with the general state requirements referred to above and the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on UFSA's compliance based on our audit of the compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the *State Compliance Audit Guide*. Those standards and the *State Compliance Audit Guide* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on UFSA. An audit includes examining, on a test basis, evidence about UFSA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with general state compliance requirements. However, our audit does not provide a legal determination of UFSA's compliance.

Opinion on General State Compliance Requirements

In our opinion, Unified Fire Service Area complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on UFSA for the year ended December 31, 2014.

Other Matters

The results of our auditing procedures did not disclose instances of noncompliance.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of UFSA is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit of compliance, we considered UFSA's internal control over compliance with the compliance requirements that could have a direct and material effect on UFSA to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance with general state compliance requirements and to test and report on internal control over compliance in accordance with the *State Compliance Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of UFSA's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a general state compliance requirement on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a general state compliance requirement will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a general state compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control and compliance and the results of that testing based on the requirements of the *State Compliance Audit Guide*. Accordingly, this report is not suitable for any other purpose.
